CATECHETICAL PROGRESS REPORT

Name _____

Parish _____

City _____

Catechist _____

Catechetical Leader _____

Pastor _____

Level _____ Year 20__ to 20__

Parents, as first and primary catechists of their children, bear the responsibility to initiate the catechetical process in the domestic church of the home. Parents invite parish leaders and catechists into their children's faith journey so that their children benefit from systematic faith learning processes and experiences.

Parish Faith Formation programs from preschool through high school are guided by the Diocese of Youngstown Curriculum for Catechesis, a sequential, developmentally appropriate presentation of the content of the faith that supports the mutual relationship between the parish and the home.

Appropriate assessment of catechetical progress ultimately takes into consideration the participant's grasp of Catholic teaching, tradition and practice, growing maturity in Catholic faith and hunger for lifelong learning.

The progress report indicates the catechist's observations regarding knowledge of learning objectives, participation in catechetical experiences and awareness of Catholic identity.
